P. W. D.

E.B.(II).

In. G.R.No.1574/48, dated the 29-3-50, orders, which had authorised the S.Es. to appoint non qualified persons as tempy./workcharged Overseers or Surveyors, have been withdrawn. Persons possessing degrees or diplomas in Engrg. of non-recognised institutions or those possessing no degrees or diplomas but having practical ~~only~~ ~~xxx~~ ~~xxxxxxx~~ experience only will now be appointed as Sub-Overseers only in the scale of Rs.70-3-85-E.B.-4-105-E.B. 5-145.

In further amplifications of the orders issued above, it was directed in G.R.No.1574/48, dated the 12-5-50 that non-qualified persons already appointed as tempy/ work charged Overseers or Surveyors prior to the orders issued in G.R.No.1574/48, dated the 29-3-50 should be designated as Sub-Overseers and should continue to get their existing pay in the Sub Overseer's grade viz. Rs.70-3-85-E.B.-4-105-E.B.-145.

2. On further consideration it has been proposed in the draft orders which are under u.orr to F.D. that the orders issued in G.R.No.1574/48, dated the 12-5-50 should be modified and that non-qualified persons as also persons ~~p~~possessing diplomas of non-recognised institutions whl were appointed as tempy/workcharged Overseers or Surveyors prior to the 29-3-50 should continue to be so appointed and thse persons should not be designated as sub Overseers. File No.1574/48 dealing with this subject has been refd. u.o. to the F.D. on the 2-9-50. When these orders issue there will be no grievance. for Shri Sant, tempy. Overseer.

3. The Kala Bhuwan institute of Baroda has no so far been recognised. The main burden of the argument advance by Shri H.D.Sant, tempy, Overseer,

Overseer, is that the diploma course of the Kala Bhuvan technical institute, Baroda, is on par with that of the corresponding diploma course of the College of Engineering, Poona, This point was discussed in April 1948 and it was considered that the standard of the diploma course of the institute was lower than that of the D.C.E. course Poona and that unless the Insttute revised its courses it would not be possible to recognise as on par with the D.C.E Poona. The institute has since revised its courses and the question of recognising the diploma of this institute as equivalent to the D.C.E. of the College of Engineering, Poona, is under separate consideration in file No.685/48. The papers on the subject are consideration in the P. & S.D. and P.S.C. The P. & S.D. The P & S. D. has already been requested to send the papers to this Deptt. for the perusal of the H.M.,P.W.D.

Submitted with refce. to the office note dated the 28-6-1950.

2.....

2. The Bombay Public Service Commn. agree to the recognition of the diplomas in Electrical Mechanical and Civil Engineering of the Kalabhavan Technical Institute, Baroda as equivalent to the corresponding diplomas of the College of Engineering Poona for purposes of recruitment to service under this Govt. From the booklets of the Kalabhavan Technical Institute, Baroda, it seems that the Institute conducts three different Exams for the diploma courses (viz (1) Electrical Engineering (2) Mechanical Engineering and (3) Civil Engineering) which were got different syllabus. On the other hand, from the P.W.D letter at p.11 ante it seems that only one Diploma course in Electrical, Mechanical and Civil Engineering (all taken together) is conducted by the Institute. This question was for wording the draft Resolution at p.31 ante recognising the diploma (or diplomas) of the Kalabhavan Institute. So far as P. & S.D. can see, there seem to be three different diplomas viz (1) Electrical (2) Mechanical and (3) Civil Engineering corresponding to the diplomas of the College of Engineering, Poona. In that case the wording of the draft Resolution at p.31 ante will be as follows viz:-

@ the Secy P.S.C's note also this view.

"The Govt. of Bombay is pleased to recognize the diplomas in Electrical, Mechanical and Civil Engineering awarded by the Kalabhavan Technical Institute Baroda as equivalent to the corresponding diplomas of the College of Engineering, Poona, for purposes of recruitment to services under it ".

3. The P.W.D. may be requested U.O. to state whether 'X' above is correct.

Deptt. of Technical Education.

Returned with compliments.

2. It is not proposed to establish the equivalence of the Dip. in Elec. Technology awarded by this Deptt., with the diplomas of the other institutions like V.J.T.I. Bombay or College of Engg., Poona. However, I am of the opinion that the Dip. holder in Elec. Technology of this Deptt., will be suitable for recruitment to the posts of Asstt. Operators and Sr. & Jr. Draughtsmen in the office of the Electrical Commissioner provided they fulfill other conditions laid down by that office.

3. I may add here for the information of Govt. that the Diploma holders in Elec. Technology are exempted from the competency certificate exam. for electrical supervisors after they put in at least two years practical experience in electrical works vide No. EX 6/1 of 1943 dated 2-4-43 from

685/48/20033

E.B.(II). P. W. D.

These papers deal with the proposal of the Jt. Dir. of Techl. Education to consider the diploma in Elecl. Technology awarded by that Deptt. as qualifying standards for recruitment to the posts of Asstt. Operators and Senior and Junior D'men in the office of Ch.Engr., Electric Grid, provided the candidate fulfills other conditions, if any, laid down for these posts.

2. The late Elecl. Commr. opined that the prospective candidates for the posts for which required standard qualfications are 1st 2nd class wireman's certificate, should also pass the wireman's exam. Unless this condition is fulfilled they cannot be taken as equivalent only on the strength of certificates from Dir. of Techl. Education.

3. That officer is also of the view that in case practical experience is prescribed as a part of the qualification in addition to the Diploma of Elecl. Techno. the candidate may be considered eligible for the posts for which a Elecl. Diploma from a technical institution is prescribed.

4. The Jt. Dire. of Techl. Ed. again states that the Diploma holder in Elecl. Tech. of that Deptt. will be suitable for the appointment to the posts

of.....

of Asstt. Operation and Sr. and Jr. D'man in the Elec. Grid subject to the fulfillment of other conditions which may be laid down. It is also stated that the said diploma holders after gaining two years practical experience are exempted from the competency certificate for the posts of supervisors. A copy of the letter No.E. 6/1, dt. the 2-4-43, from the Secy., Licencing, Board, Bombay to the Principal N. Wadia College, Poona, has been informally ~~obatined~~ obtained and put up within. In the circumstances it appears that candidates who possess the Diploma in electrical technology awarded by the Jt. Director of Techl. Ed. and who have at least 2 years practical experience in electrical works, may be considered suitable for appointment as Asstt. Operators and Sr. and Jr.. D8man in the B.E.G. Before this is done, the C.E., B.E.G., may agains see these pps. U.O.

P. & S. D./D

The proposal of the P.W.D. is that candidates who possess the diploma in Electrical Technology awarded by the I.D. of T.E. & who have at least 2 yrs' practical experience in Electrical works may be considered suitable for appointment as Asstt. Operators and Sr. & Jr. Draftsmen in the B.E.G. The question is not of general recognition of the diploma in question in the purposes of employment under this Govt. It is Certified to the employment in the officer of the B.E.G. only. Accordingly, it would be better if the orders are issued from the administrative Deptt. concurred i.e. the P.W.D.
